

PRODUCT CATALOGUE

All our products are result of the state of art Cold Press Juicing Technology. Unlike the industrial centrifugal juicing method, we do not use blades that generate heat and result in loss of nutrition and taste.

None of our product is produced from concentrates but only from REAL Hand-Picked Fresh Fruits. NFC means 'Not From Concentrate' and we say; 'NEVER From Concentrate!'.

ALL our juices are produced from ONLY Natural Ingredients but nothing else, even our Traditional Homemade Juices. NO additives, preservatives, chemicals and flavors are used.

Carefully Hand-Picked Fruits squeezed within matter of hours after collected from the gardens. All fresh fruits, all freshly squeezed. . .

ABOUT US

Taze Sikma is a leading and pioneering brand in juice industry specializing on 100% Freshly Squeezed and Snap-Frozen Fruit Juices as well as Homemade Traditional Recipes. Our success lies in state of the art Cold-Press Technique. Taze Sikma Juices carry NO additives, NO Concentrates (NFC) and yet, they are NOT Pasteurized. Just like squeezed at home; Pure, Raw, Healthy and Tasty!

We are proud to share our products with HORECA clients from all over the world, for the time being only...

Our aim is to deliver all these tastes and healthiness preserving their nutritional values and naturalness as many people as possible through reliable and fast approach.

VISION

Our vision is to let everyone to be able to reach healthy, natural and delicious products of the nature has already offered to us with ease and peace of mind like in the old days, without having chemicals and additives added.

MISSION

Our mission is to serve pure and natural products to as many people as possible, raise the awareness of consumers on healthy fruit juice and improve the quality of their lives by combining the traditional methods with innovative technologies without applying any additive or heat treatment.

SOURCING

A dedicated team of Taze Sikma is constantly looking for the highest quality of raw ingredients just in the right time and area, all year around, to be delivered to our factory with temperature-controlled vehicles.

PRODUCTION

Thanks to our state of the art technology to ensure the highest levels of efficiency and quality. ISO 9001:2015 and ISO 22000:2005 are granted under this respect. Halal and Kosher Certificates are already in place too!
